

Collaborative Conversations: Shift Happens!

Transforming Conflict Into Collaboration

Are your workmates experiencing low morale and lack of engagement?

Are you reluctant to provide feedback when productivity is dropping?

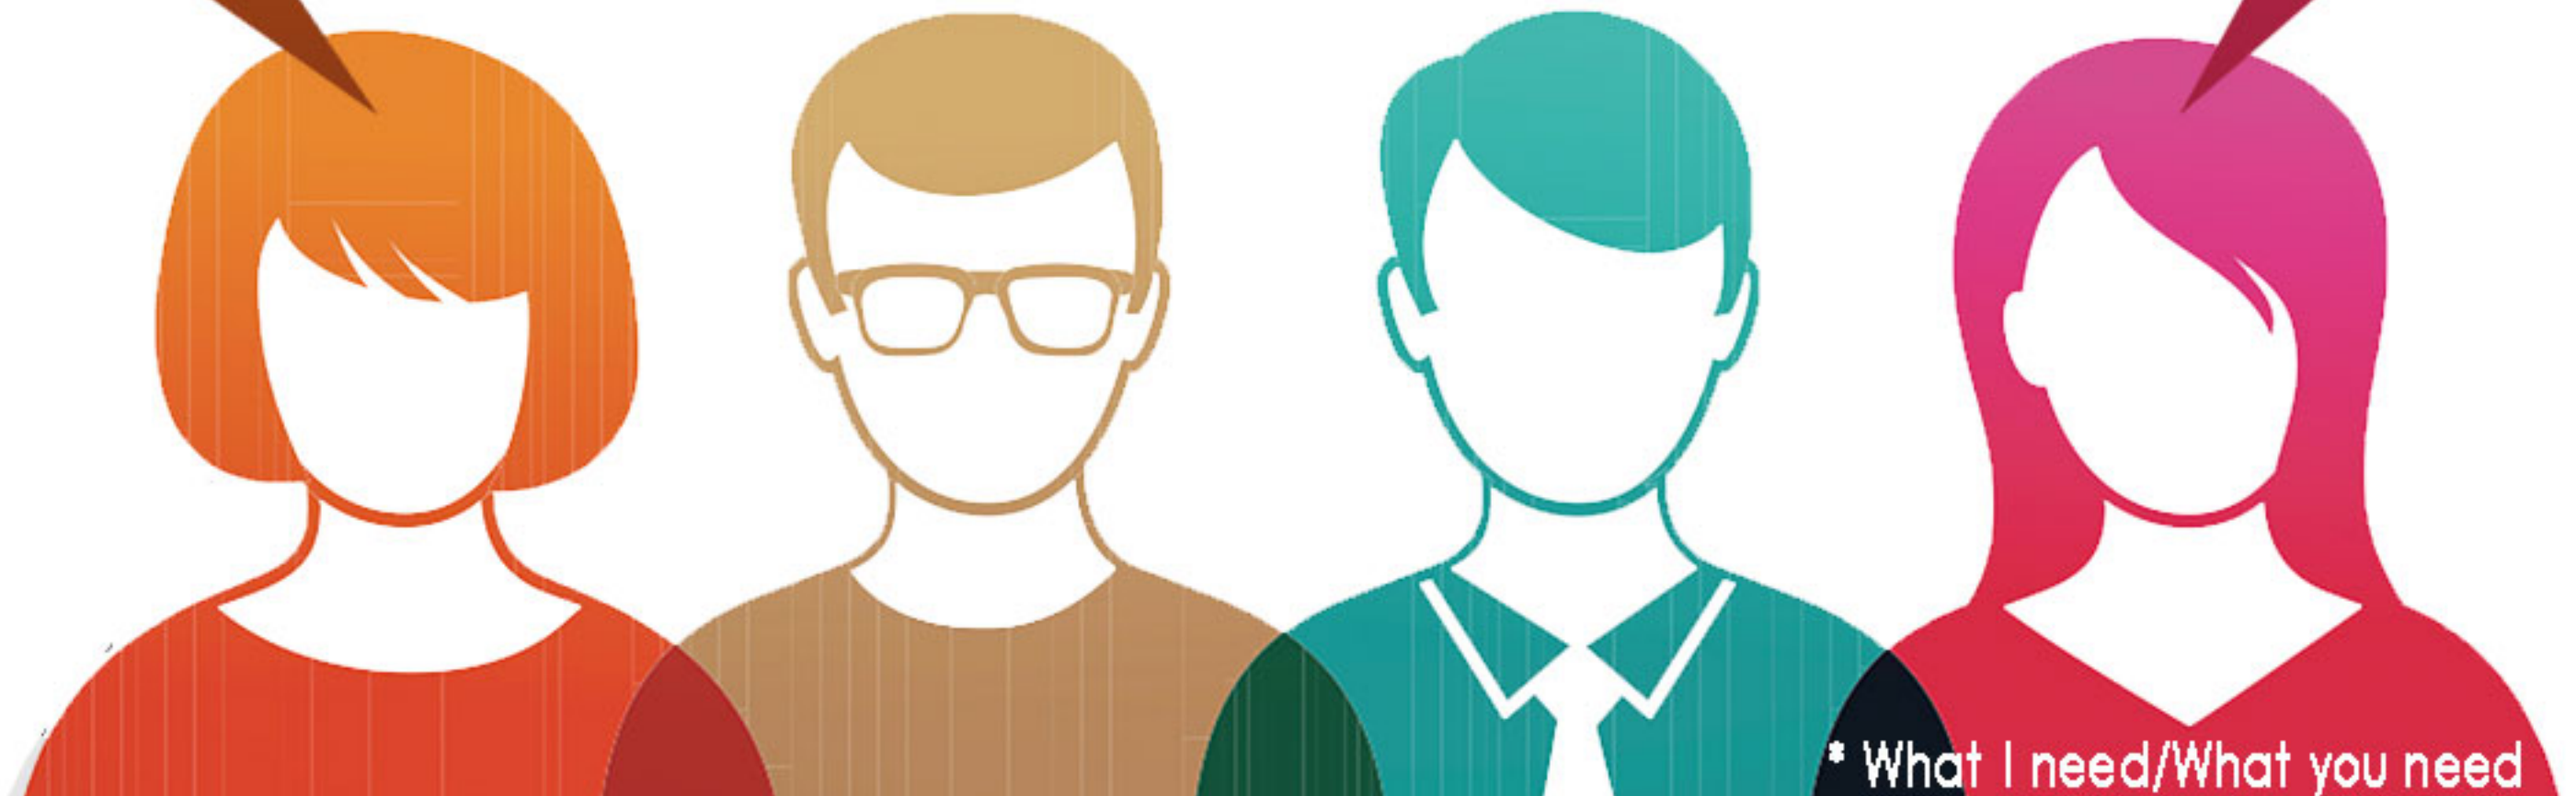

Are people balking as changes are announced and implemented?

There is a Science to the Art of Communication.

In this interactive presentation, learn how to navigate challenging conversations and transform barriers into opportunities for collaboration, understanding and action.

What if, instead of going to *talk* to someone, you go to **LISTEN** to them?

When furious, get curious!
Create a *win/wyn for us all.
